

Bay State MGA Club goes to British By The Sea sponsored by CT MG Club

On June 1, 2014 members for the BSMGAC drove to Harkness Memorial State Park in Connecticut to participate in the British By the Sea show sponsored by the Connecticut MG Club. For more information regarding how the show turned out you can go to their site: <http://www.ctmgclub.com/BBtS.html>
I met up with Roy and Jane Crane in their 1960 MGA in Westford and we headed down the interstate to Rt 2 and over to I190 south. We drove through Holden to Rutland, MA to pick up Don Tremblay who rode with me. He guided us through several towns to pick up I290 south to I395. We took I395 to near New London, CT and picked up Rt 1 North and with several turns ended up at Harkness Memorial State Park. We were directed onto the field and we parked in our classes and then proceeded to the registration tent to pick up our packets. We met up with member Angus Ross who drove over from RI and Scot and Michelle Padgett who drove over from Northampton, MA. Bob and Sylvia Freerksen were there; although they have sold their MGA they still like to see the cars and talk MGs. We also saw Steve Devine in his MGA from the Boston Area MG Club. Member Geoff Rogers was there with his wife, Andrea, and son, Angus, vending british car parts. It was a wonderful sunny day by the sea and we thoroughly enjoyed talking with everyone and sharing stories about the cars.

Jack Horner
President, Bay State MGA Club
