

## Bay State MGA Club goes to BCNH Show of Dreams

Saturday, July 26th was a gorgeous day and I took the back roads up to the venue in Hudson, NH. This is the first time BCNH has used this location, but it was ideal. They did a fantastic job of making everyone feel welcome and the organization of the event was superb (as usual!) While at the show I encountered a number of Bay State MGA Club members with their cars as well as other folks I have know over the years from various clubs and events. BSMGAC member Bob Jones took first place with his black MGA 1500 coupe and Bob Peate took second place with his black MGA roadster. I guess black was the preferred color this year!

The vendors were great as were the raffle items and awards. I, for one, hope they return to this venue as it was a great location. I hope to see you all there next year.

Safety Fast,

Jack Horner  
President, Bay State MGA Club

Even dogs enjoyed the show
