

## Results of MG Day at the Larz Anderson Auto Museum

The Bay State MGA Club hosted MG Day at Larz Anderson Auto Museum in Brookline, MA on August 15, 2015. This was also in conjunction with British Car Day which the museum hosted as the original date was rained out. The weather was beautiful and we had a decent turn out. This year we offered more classes so, participants had more opportunities to win an award. The field was divided between the MGs and all other British and it was an overflow crowd. The museum provided a disc jockey and sound system and participants were given entry into the museum to see the displays there. We held our awards after the museum announced the winners of the British Car Day and then held a 50/50 raffle and general raffle before closing out the show around 2:00 pm. Here are the winners from MG Day:

### MG Pre-war

No Entrants

### MG T Post-war

First: Unknown - Car #5

Second: Ken Groven - 1951 MGTD

Third: Robert Fish - 1952 MGTD

Second: Steve Brundt - 1958 MG Magnette

### MG Custom/Modified

First: Mike Oliva - 1975 MGB V8 Conversion

Crowd Favorite: Steve Brundt - 1958 MG Magnette

From what I have heard from attendants everyone enjoyed the day. There was plenty of discussion about the features of each car and lots of technical discussion as well as swapping of stories. Those who attended without a car to see the MGs all seemed to have a story as well about cars they used to have. Lets all make sure we get out there and drive our cars while the weather is still nice.

Safety Fast,  
Jack Horner  
President, Bay State MGA Club
