

## Report on Fruitlands Museum Drive

On August 24 Roy Crane came to Westford and we took the back roads to Harvard to the Fruitlands Museum which is owned by the Trustees of the Reservations. This was a trip sponsored by the MG T-Party with the Bay State MGA Club invited. We met up with a number of both clubs members in the parking area outside the ticket office and café. When Roy and I got there Don Tremblay and his MGA and Kathy Hadden with her MG TF were already there. Soon arriving were Judy Kronwasser with her MG TC, Arthur Sticklor with his MGA, Peter and Rachel Ross in a 1934 MG PA and David and Betty Schwartz with a Morris Minor Traveller. Bob and June Jolin drove their MGC. Last, but not least was Charles Dyer in his recent purchase Lotus Elise and Mike Stockwell in his MGA.

We walked to each of the houses and museums display centers and examined the colonial era artifacts of the Shaker community as well as Native American art and artifacts. Of particular interest was the house occupied by the Alcott family (Louisa May Alcott was the auther of "Little Women" and many other books just after the American Civil War.

After viewing the houses and museum displays we headed back to the café and had a nice lunch out on the covered patio in back overlooking the valley and farther off hills of Shirley, MA. The service was a bit slow, but the sandwiches were vary good. Several of us ordered different items and then split them to share for a nice variety. It was then time to say our goodbyes until next time and the drive home. It was a beautiful day for a drive and to walk the Museum grounds.
