

Bay State MGA Club goes to British By the Sea

One of the events that was on our club calendar is the British By The Sea show sponsored by the Connecticut MG Club: www.ctmgclub.com/BBtS.html. I decided to trailer my MGA to the show since it was predicted to be a rainy day. I encountered rain on the way to Harkness State Park in CT, but when I arrived the field was dry. I arrived about 9:30 in the morning and cars were coming in and taking their place on the field. The event was well organized. There were a lot of MG T Series (as this was at the end of GoF 99 which was held in Groton, CT close by. There were also a lot of MGB chrome bumper cars and rubber bumper cars. There were quite a few Land Rovers as well. Most of the other marques were poorly represented. We had four MGA 1600s and one MGA 1500. There were no big Healeys and no E-Type Jags. Even though Rolls Royce and Bentley were the featured marques, there was only one Rolls Royce. I think the weather kept a lot of people away. It rained the entire trip back north. I was parked next to Steve Devic from the Boston Area MG Club. We did not have any other Bay Staters in attendance. I am sure the CT MG Club was disappointed with the turnout, but you can't control the weather. Since this was a rain or shine event, you take your chances. I hope to see more folks at future events.

Safety Fast,

Jack Horner
President, Bay State MGA Club

The MGAs at British By the Sea 2016
